

Airoha Technology Corp.

5F., No.6-5, Dusing Road, Hsinchu Science Park, Hsinchu 300, Taiwan

Module Approval Letter

Date: 2016/1/29

FCC ID: UOW-AB1122

The following attestation addresses the requirements to support modular approval:

Modular approval requirement		Yes (provide brief statement)	No *
1	The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly.	Yes. The shielding case is included	
2	The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal.	Yes	
3	The module must contain power supply regulation on the module.	Yes. The module includes its own regulator	
4	The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).	Yes. The module includes the printed antenna	
5	The module must demonstrate compliance in a stand-alone configuration.	Yes	
6	The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements).	Yes	
7	The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements.	Yes	
8	The module must comply with RF exposure requirements	Yes
